Formotion Provides Its Clock for Harley Davidson P&A

Formotion Products to provide “The Motor Company” with OEM version of its popular on-board clock.

Mill Valley - California, February 1, 2003: Introduced this January at Harley Davidson’s recent winter Dealer Meeting in Orlando, Florida is a Harley Davidson on-board clock, the latest addition to their new products Parts and Accessories category. Teaming with Formotion Products, the leading motorcycle clock and ambient air temperature on-board accessory company, Harley Davidson released a newly designed clock exactly matching their speedometers and tachometers in either Black (P/N 75041-03) or Silver faces (P/N 75042-03).

Under their Multi-Fit category, the \$59.95 clutch lever bracket clamp clock is Genuine Harley Davidson and extremely well built. Made from 316L Stainless Steel and polished to a mirror finish, the unit incorporates a Citizen® 2036 movement for reliability, K1 crystal lens for superior scratch and shatter resistance, Aluminum sweep second for vibration dampening, 3 year long life battery, and all Harley Davidson on-board clocks by Formotion are rated a full 5 ATM waterproof for guaranteed water protection in any environment under any circumstance you can get a motorcycle into. Available now through any Harley Davidson Dealer worldwide or through Harley Davidson’s web site.

Formotion Products produces the best selling on-board clocks, thermometers and compasses for motorcycles in the industry. Their thirty plus non OEM models of the Scooter Clock™ and Scooter Thermometer™ products are available worldwide through more than 500 dealers.
